Why Suffer From Migraine or Sick Headache? USE ANTI-KAMNIA TABLETS

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two Anti-Kamnia Tablets when the first symptoms appear, and one Anti-Kamnia Tablet every two hours during the attack, until it eases the pain and brings rest and quiet. Anti-Kamnia Tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all pain.

MORE CORN

Is Being Planted in Preston County This Year Than Ever in County's History.

TERRA ALTA, May 7.—According to information coming from the county agricultural agent's office, Preston county is planting more corn, potatoes and oats this season than ever before in the history of the county. The crops have started to growing nicely and the temperature, even at this high altitude, is much the same as elsewhere in the state.

A small frost visited this section Wednesday night, and although the fruit trees were in full bloom, but little damage resulted. From the present outlook there will be a bumper crop of apples and nearly every other kind of fruit. Apples, as usual, will probably lead in production. Peaches do not thrive as well as other fruit in the country about Terra Alta.

MINISTER KING

Aspires to Succeed Dr Doney as President of Wesleyan College at Buckhannon

TERRA ALTA, May 7.—While it has not been given out officially yet, it is nevertheless rumored that the Rev. Claude King, pastor of the Methodist Episcopal church, aspires to the presidency of Wesleyan college at Buckhannon. The appointment is to be made by the Methodist conference probably at the meeting to be held in Parkersburg, October 6.

Since the resignation of Dr. Carl G. Doney, the president's chair at Wesleyan has been vacant. Dr. Doney has built the school up, until it is second to none in the state. While his resignation was regretted by the school, the board has been busy considering the person that is best fitted for the position.

The Rev. Mr. King is known throughout the state as an able educator. As pastor of the Methodist Episcopal church here for the last two years he has met with considerable success, and while the people of the town would like to retain his services they would be pleased to see him get the presidency of Wesleyan.

should have no trouble in holding their lines on the river Sen in eastern Galicia especially as their flank would now be covered by Przemysl. The fighting in Flanders finds the Germans still making use of asphyxiating gases and there is a noticeable current running through the British press which insists that the allies should adopt counter measures at once. It is being realized that when the power departs from the rule and precedents of warfare it is manifestly unfair to the other to remain bound by them. Still no formal announcement that Great Britain will make use of gases has been forthcoming.

Coincident with the Austro-German claims of victory in Galicia there has been a marked increase in the rumors of Italian intervention. The London newspapers are flooded with special dispatches from Rome relating to the departure of Germans, the closing of German schools and the massing by Italy of troops on its frontier.

SOME DAMAGE IS DONE BY RUSSIAN AVIATORS

PARIS, May 7.—The first attack of the war on Constantinople is reported in an official despatch from Athens. MAN KILLER

Is Reported as Shot Through the Neck, Captured and Taken to Sutton Jail.

W. B. Griffith, who killed Deputy weeks ago, exchanged shots with a sheriff's posse of about 150 members, while crossing the Little Kanawha river at Leading Creek, in Calhoun county, near his own home, about 7 o'clock, Thursday morning. One shot from the posse took effect in Griffith's neck, and another blew his hat off.

Sheriff Frank Badger, of Wirt county, left Elizabeth, Thursday afternoon, in an auto filled with deputies, to join in the pursuit.
Griffith is now almost certainly believed to be F. R. Rose, who killed the chief of police of Gassaway, the other day, as this man was wounded in the hand and Griffith stopped at a house in Calhoun county, early Thursday morning to get his hand dressed, the same being wounded. He complained of shooting pain in his arm and blood poisoning is believed to have set in.

The man at whose home this stop was made, sent word at once, to the sheriff at Grantsville and a posse was organized in pursuit. It was this body which nearly caught Griffith at Leading Creek, later in the morning. Griffith fired six shots at his pursuers, while crossing the river, but none of these took effect.

An unverified report is that Rose has been captured and taken to the Sutton jail.

ITCHING, BLISTERED SKIN-ERUPTION ALL HIS LIFE, NOW CURED

Nov. 19, 1914:—"All my life, until about a year ago, I was troubled with blisters and sores over my entire body. The itching and burning was terrible, and I could hardly sleep. I used many treatments that were unsuccessful and did not give me any relief. I started using Resinol Ointment and Resinol Soap and they helped me wonderfully. I WAS RELIEVED AT ONCE, and after about two dozen applications I can say that I was free and cured of that awful disease. My skin now is as clear as anybody's." (Signed) Geo. Whitcher, Jr., R. F. D. No. 54, Caledonia, N. Y. Resinol Ointment and Resinol Soap are sold by all druggists.
